

## **Lucille the Wall**

Oh Lucille the Wall / golden six feet tall  
Pretty little soul / built to bare the load  
Crooked fingers strong / from work and love and lost  
Eyes bright as the sun / heart as red as dawn

My Lucille the Wall / I feel you feel it all  
Ragworn Fr. Brown, mother, daughter, child  
Grace it grow like tree / limb and bark and leaf  
A beating of the sea / a burning of the breeze

### *Chorus*

Gold will never know / rust from growing old  
Heaven is my home / the only place I know  
Oh Lucille the Wall / you give and give it all  
Love until your grave / save and we'll be saved

Oh Lucille the Wall / pure as evening song  
A hymn called in a prayer / a whisper caught in air  
Death won't get ya down / seek while may be found  
Love until your grave / save and we'll be saved

## **One Trick Pony**

I'm a one trick pony  
Baby I'm ready to run  
Got my eyes wide open  
As I stare into the setting sun  
And I'm on the run  
In the morn I'll be gone  
But tonight I'm leaving I'm a cold hearted son of a gun

And all I see is what's in front of me  
And all I know is I'm only good on my own

I'm a one trick pony  
Baby I'm ready to run  
Leave it all behind me  
As I ride into the rising sun  
And this world is cold and I'll take it all  
But tonight I'm leaving and I'll run if I have to crawl

And all I see is what's in front of me  
And all I know is I'm only good on my own

## **Foxtrot**

Let's go to town and jump on beds we can't afford  
Crazy kids and wicked bored  
We'll drive in with no direction  
As broad trees melt and surge into patches, yea

But I got my sails set hard upon your seas  
And I know there's nowhere else that we should be

Oh, so shoot em down, shoot it back till its fire  
Till your plans shiver and it doesn't matter now  
I like it when you sing, when you lean over your balcony  
Come back inside and dance with me

And I got my sails set hard upon your seas  
And I know there's nowhere else that we should be

We're great lakes that have no bottom  
We're tumble weed slowly moving on  
Oh, so shoot em down, shoot it back till its fire  
Till your plans shiver and it doesn't matter now

## **All That Gold**

I will rejoice in suffering when the devil's knockin down our door  
And I will hold on to the hope I have but I could always use more  
Naked I came into this world and naked I'll leave soon  
Love is the only gift I have and I give it all to you

All that gold in the ground won't get you nothing but high  
All that hate in your heart won't get you nowhere but mad

We don't need no money honey, it was just a trap  
All we need is love to live on, simple as that

The only way to win a war is never cease to love  
The only way to win a war is never cease to love

All that gold in the ground won't get you nothing but high  
All that hate in your heart won't get you nowhere but mad

## **Morning Light**

There's a song in my soul, about to overflow  
A hope within my heart beginning to grow  
And I'm filled with delight and this fire's burning bright  
Let's sing until the morning light

Oh midnight moon sing a softer tune  
That pierces the dark to serenade  
The stars above are all dressed in white  
Let's sing until the morning light

There's a symphony of sounds rising all around  
Rejoicing in the air what's lost has been found  
Let's open the wine and have ourselves a time  
Let's sing until the morning light

Oh midnight moon sing a softer tune  
That pierces the dark to serenade  
The stars above are all dressed in white  
Let's sing until the morning light

## **Bigtime**

Baby I hit the bigtime and all of my dreams are coming true  
I finally wrote the perfect rhyme but all I wanna do is sing to you

I am like fire in the wind  
I'll dance for them time and again  
And out of control I spin  
Cause I am my only friend

Baby I hit the bigtime and all of our dreams are coming true  
I finally wrote the perfect rhyme but all I wanna do is be with you

I am like fire in the wind  
I'll dance for them time and again  
Out of control I spin  
Cause I am my only friend

And I am like gold in the ground  
Waiting just to be found  
When I open up my mouth  
I sing but there is no sound.

## May 21

The sun is shining on a brand new day  
So let's act like kids again and just go out and play

And we're singing out  
Hallelujah, hallelujah, hallelujah  
Singing out hallelujah, hallelujah, hallelujah.

We might fall in love, or we might just fall asleep  
It's the end of the world but we don't miss a beat

And we're singing out  
Hallelujah, hallelujah, hallelujah  
Singing out hallelujah, hallelujah, hallelujah.

And this world keeps spinning,  
And people keep movin on  
But don't lose your laughter  
Cuz it's all we remember when you're gone

## **Wanderin**

I've walked in the desert sand, across this barren land  
In search of promises, I did not understand  
And this was not my plan, to still be where I began  
I'm wanderin

I've marched through the shadowlands with blood stained on my hands  
And I've fought the sons of god, burning with ignorance  
And I know now what I've done, so I'm chasing after the sun

I'm wanderin...I'm wanderin  
I said I'm wanderin...

I took my final breath and felt the sting of death  
So I'm walkin towards the light till I've got nothing left  
And when those gates unfold, I'm gonna walk in streets of gold  
I'm wanderin

I'm wanderin...I'm wanderin  
I said I'm wanderin...

## **Happy Anniversary, Darlin**

Happy anniversary darling, you've been so good to me  
After all these years of hopes and fears there's nowhere I'd rather be  
Happy anniversary darling, though time ain't on our side  
I will keep you safe through the darkest days and I will hold you through the night

It ain't fair, but it's right  
That we only get just a little while

Happy anniversary darling, I loved you till the end  
We set sail on a sinking ship and I would do it all again

It ain't fair, but it's right  
That we only get just a little while

## Hallelujah

We were driving round town with the one headlight  
singing songs from the good ol days.

We were blowing through the signs when the world went white  
and we woke up singing songs of praise

So tell my pa that I always loved him well, tell my ma that I'll see you soon  
Tell the love that I left that I never met there'll be a heavenly honeymoon.

Yea we all wanna feel like we made our mark,  
we all wanna stake our claim,  
but all that we need in life is love,  
ain't it funny how we're all the same.

Glory, glory hallelujah.

## **Bandit**

I was running from the law, she was hot on my tail  
I took a turn down in Arkansas and into that pit I fell,  
Oh into that pit I fell

I found myself in a pack of wolves preying on the weary and the weak  
Ravaging homes with abandoned souls  
when a bullet blew through my cheek,  
oh a bullet blew through my cheek.

I woke up to a cold dark cell with the taste of blood on my tongue  
Them boys inside they was cold as hell  
God's vengeance for all I had done, oh gods vengeance

Well I picked up that good book and read those fabled tales  
That midnight moon shining through  
And I fell on my knees the night before  
They hung me up by a noose  
Oh they hung me up by a noose

And when I leave here I'm gonna float in the sky  
And when I meet my maker I'm gonna laugh till I cry

## **Cold Wind Blowin**

There's a cold wind blowin how deep the stirring groans  
Over all the fields the sun overflows, there's a fire in the morning  
How wonderfully it grows  
There's a cold wind blowin, down unto our souls

There's a cold wind blowin wild and unconfined  
Deep as the ocean, steady as the tides  
In the hands that work together, in faith that will not die  
There's a cold wind blowin, and I can tell you why

Oh, we wanna be free let it ring in the streets  
From the prison yard to the courthouse seats

There's a cold wind blowin, rush between the shores  
One is understanding and the other is unknown  
We all wanna love something before we have to go  
There's a cold wind blowin, rustle up this soul

Oh, we wanna be free let it ring in the streets  
From the prison yard to the courthouse seats

## Til I Die

This ground is where I'm from and that's where ill end up  
This ground is where I'm from and that's where ill end up  
This ground is where I'm from-  
I'll be forgotten when I'm gone  
When I die, when I die, when I die.

And this world is not my home it's not where I belong  
This world is not my home it's not where I belong  
And this world is not my home –  
But I'll see the kingdom come  
When I die, when I die, when I die.

Oh won't you lay me next to my father  
Won't you lay me next to my mother  
Won't you lay me on top of my lover  
When I die, when I die, when I die.

This world has lost its grip on me alright  
And death has set the captive free alright  
I'm letting go I can't take it on my flight  
And my restless soul will finally float away...when I die

Oh won't you lay me next to my father  
Won't you lay me next to my mother  
Won't you lay me on top of my lover  
When I die, when I die, when I die.

Artist: **James and the Drifters**

Album Title: **All That Gold**

### Sequencing

For CD and Digital Release

1. Lucille The Wall
2. One Trick Pony
3. Foxtrot
4. All That Gold
